

News from Lealholm Primary school

Fern Class

We've hit the ground running this week with village walks, trips to the beach and swimming lessons beginning again.

It's been such a busy week but we have also managed to get some work in class done as we began our new English topic around the classic book Elmer the elephant. I was so impressed with Receptions writing about this story they are really showing some excellent effort after the long holiday.

In History we are learning about our local history and began trying to find dates and names around Lealholm, it was lovely hearing so many stories about families living here and remembering people who have affected the children's lives.

Again thank you to all of you for making sure children came to school with everything they needed in this busy week it has helped everything to run smoothly and for everyone to learn and have a great time.

Attendance

Our attendance this week is **99%**

Heather Class

We've had a productive first week of the Summer Term in Heather Class and it's been lovely to see the children well-rested and ready for the fun and busy term ahead!

In English, we've finished reading Secrets of a Sun King and The Iron Man, and are now ready to embark on some fabulous work on the book, Escape from Pompeii. In maths, we've jumped straight back in where we left off as we tackle units on shape, position and direction and decimal numbers. We are revisiting the Romans in history and have already made a start on delving into why exactly Emperor Claudius chose to invade England given that Julius Caesar had failed twice! It was lovely to see Mrs Lillie and children making music to one of my all-time favourite pieces, In the Hall of the Mountain King by Grieg; the children had a great time selecting their instruments and playing along. On Wednesday, we made the most of the lovely weather and went for a village walk across the stepping stones and (conveniently) ending up at the sports' field for a play in the sunshine. All round, a lovely week. Well done, Heather Class for settling back into our routines so well.

Multiplication of the Week: $9 \times 6 = 54$

Word of the Week: stupendous

Ask your child (science focus):

Year 3/4 - Can your name the different parts of a plant?

Year 5/6 - What percentage of the world's population of animal species are invertebrates?

KS1 Seashore Day 2026

Rights Respector of the Week

Rights Respector of the Week: Marshall

Article 12: Respecting the views of children

For: joining in with assemblies this week and sharing his opinions with others in a respectful way

Star of the Week

Fern Class Star of the week goes to Henry for his constant politeness and friendly attitude to everyone who comes into school.

Heather Class Star of the week goes to Marshall for returning to school with a great attitude and completing all of your maths work every day - well done, Marshall!
